Knows His Business.

Our old friend Mr. B. F. Dorsey (more familiarly known as "Dick," in the days when we were "drivin' uv the mail wagin'" to Paris) is now the chief manager of the Hotel Fleming, and is an ideal man for the place. What "Dick" don't know about managing a hotel ain't worth knowing. He commenced at the bottom round as bell boy and boot-black and has won his way to the head of affairs by honest endeavor.

We don't mean by this that "Dick" was a wail, for he was heir to a big Bourbon county farm, but, just for pure determination to make his own way, he ran off and started at the bottom at Uncle Charley Talbott's famous Bourbon House, and there learned "how to keep a hotel" from that prince of good fellows of the long ago.

We congratulate Mrs. Fleming upon having our friend at the head of the house, and also the public upon having a first-class man to attend to their wants.

Congress Meets.

Both houses of Congress assembled in the Capitol at Washington City on Monday at 12 o'clock.

There was a very large crowd present to witness the opening of each house.

There seems to be a general and universal determination in both houses to get down to business without delay and to attend to the matters of such vast importance as are before them with a due sense of the gravity of the subjects.

We trust that this will be peculiarly a business session even if it is the short session.

Centennial.

The centennial of Transylvania University (now Kentucky University) will be duly observed by appropriate ceremonies on Sunday, January 1st, 1899, in Lexington.

The alumni of Transylvania, Bacon College and Kentucky University have been invited to be present.

The principal address will be delivered by Bishop Thos. U. Dudley, of the Episcopal Church.

Doubtless there will be a large attendance.

Big Fire in New York.

On Sunday night last a big fire broke out, on Broadway street, New York City, which destroyed property worth several millions of dollars before it was extinguished.

Coming His Way.

We learn by a Winchester paper that Rev. Geo. H. Means, the late able pastor of the Methodist Church in this city, has been offered \$3,000 for the manuscript of a work he has written on the subject of "Hypno-

tism." We are glad to know that Mr. Means is meeting with success of this kind. He is a very able man.

Affirmed.

The Court of Appeals has affirmed the judgment of the Graves Circuit Court in sentencing Bob Blanks to death for committing a rape on a little girl. It now becomes the duty of the Governor to fix the day for the execution.

Overcome evil with good. Overcome your coughs and colds with One Minute Cough Cure. It is so good children cry for it. It cures croup, bronchitis, pneumonia, grippe and all throat and lung diseases. Tyler & Hemphill.

Arm Broken.

Capt. John H. Leathers, the popular gentleman and banker, of Louisville, was so unfortunate as to slip on the icy pavement, on Monday morning, and break his arm. Capt. Leathers has many friends in this community who regret to learn of this accident.

Lodge of Sorrow.

The Benevolent Order of Elks of the city of Lexington held a Lodge of Sorrow at the Opera House in that city on Sunday last. Among those in whose honor this ceremonial was given was Mr. Robert P. Pepper, Jr., of this city.

One of our former citizens, Hon. Marmaduke B. Bowden, of Louisville, was one of the orators of the day.

Meeting Held.

There was a meeting held at the court house on Saturday afternoon at which resolutions were adopted eulogizing the Louisville Legion for their services in Porto Rico.

A committee was appointed, with Mayor Dehoney at its head, to present the resolutions to the regiment when it passes through this city on its way to Louisville.

Awarded Certificate.

In the matter of the contests for the certificates of election to Congress in the Ninth and Eleventh Congressional Districts, the Election Commission, on Saturday, awarded the certificate to Hon. Sam J. Pugh and Hon. Vincent Boring. The full Board sat in the cases and the decision was unanimous.

The other eleven Congressmen had their certificates issued on Wednesday.

Watches, clocks, jewelry, solid silver and silver plated ware at your own price, at Copper Smith's auction on the 12th and thereafter 15-3t.

A Big Bloodhound.

The largest bloodhound in the world is with Stetson's Uncle Tom's Cabin Co. He weighs 263 pounds and costs \$1,000.

"The undying, inevitable Uncle Tom's Cabin" appeared at the Opera House last evening under the successful management of G. P. Stetson. It is the best dramatization of this celebrated play ever presented here, and the specialties were of high order. This combination could not do otherwise than immensely please the large audience in attendance. The reader is so thoroughly conversant with this piece that any mention would be a needless repetition, yet credit must be given to those enacting the roles as having assisted in a grand production. Of the specialties the dancing of the Topsyies was a fine exhibition of suppleness and dexterity. This the audience were not slow in appreciating. The natural melody of the Lone Star Quartette, in their southern songs, the overtures of the orchestra and the mandolin students were equally entertaining in the extreme. A calcium light, situated in the key of the gallery arc, cast rich glowing colors over the tableaux with charming effect.—Brighton (N. J.) Star.

At the Capital Opera House Monday night, Dec. 12.

Inventor.

Rev. Geo. H. Means, late pastor of the Methodist Church in this city, has developed into an inventor. He has invented a fountain pen which he thinks is a Klondyker, and is hoping for a rich reward. We hope that his expectations may be fulfilled.

Bad Accident.

While a number of men employed at the rock crusher, on Benson, were about to get on the train to leave for

their homes, one of them by the name of James Spriglen, was so unfortunate as to be struck by the engine of train No. 18, on Saturday morning, and was killed. His home was at Nashville, Tenn. Coroner Meagher held an inquest and a verdict was returned in accord with the facts.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by J. W. Gayle.

Attention.

The members of the Frankfort German Club are requested to meet at the State National Bank, Saturday evening, December 10, at 7:30 o'clock. A full attendance is desired. By order of S. D. JOHNSON.

See our handsome line of puffs, tecks and four-in-hands. 15-2t. D. C. CRUTCHER & Co.

Tremendous Fog.

On Friday of last week a tremendous fog hung over the city of Cincinnati which was a regular London affair. The electric lights and gas were burned all over the city until nearly noon.

Several serious accidents occurred owing to the fact that, with all the lights burning, it was impossible to see ten feet away from the lights.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by J. W. Gayle.

Everything sold at W. L. Copper Smith's auction will be guaranteed as represented. 15-3t.

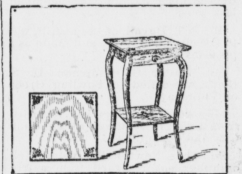

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

MR. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 50. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

New Trains.

Frankfort & Cincinnati makes important changes in schedule.

Commencing Monday, Dec. 5th, the Frankfort & Cincinnati Ry. will change time of their 420 p. m. train, having it leave Frankfort at 3:40 p. m. and run through to Paris and return. This will give the same quick connections to Cincinnati and Eastern and Western points, and will give an afternoon train to Paris and Kentucky Central points, which has been much needed.

The only other change is that the train heretofore leaving at 1:15 p. m. will leave at 1 p. m., and carry passengers to G.orgetown only.

A Test Case.

The Prison Commissioners, elected under the Bronston bill, have taken a step very much in advance of anything ever thought of before, and one which is of very questionable legality.

It will be remembered that the Legislature, a number of years ago, passed what was known as the parole law, under which the Governor, upon recommendation of the Sinking Fund Commissioners, was authorized to parole prisoners out of the penitentiary upon proof of good behavior.

Gov. Brown, than whom there are few better constitutional lawyers, became convinced that the law was unconstitutional and, therefore, suspended its operation. It has not been revived by Gov. Bradley.

Now comes the Prison Commission and undertakes to revive the operation of the law and to exercise the power conferred upon the Governor by a law that has not been reenacted since the new Constitution was adopted.

The Commission issued a parole to a prisoner named Dugan, who murdered Col. John Colson, brother of Congressman David G. Colson.

A test case will be made at once. However much we may approve of the object designed by law (and we had always favored it), we utterly fail to see by what stretch of authority a law giving the Governor certain powers can be made to cover the action of the Prison Commission.

We think that Gov. Brown was clearly right in claiming that it was an invasion of the powers conferred by the Constitution, upon the Governor alone, to pardon for crime or remit penalties for offenses.

There is a disposition manifested in certain quarters to usurp the powers always exercised by other departments of the State, which bodes no good to those who so act, as there is an old saying that "chickens come home to roost," and such things often "return to plague the inventor."

Resolutions of Welcome.

At a public meeting held at the court house in the city of Frankfort Ky., the 3d day of December, 1898, the following resolution was unanimously adopted:

Inasmuch as the people of this community, in common with all true Kentuckians, are justly proud of the courageous spirit and manly service of Kentucky's soldiers during the Spanish war, including all the regiments, and we learn with pleasure that the First Kentucky (Louisville Legion) will pass through our city in a few days on their way home from Porto Rico, we, the people of Frankfort and vicinity, in public meeting at the courthouse assembled, hereby express our unfeigned thanks and gratitude to all our soldier boys, and our admiration and unqualified commendation to Col. Castleman and his heroic boys for their arduous public services in a dangerous climate and foreign land.

We respectfully request the Hon. W. S. Dehoney, Mayor, together with the committee of citizens selected by him, to present this resolution to the First Kentucky Regiment when they pass through this city, with an expression of our good will and congratulation, that they are permitted, after their long absence, to greet their loved ones at home.

H. DAVIS HARROD,
Chairman.

ATTILLA NORMAN,
Secretary.

The following committee was selected: Ira Julian, J. W. Pruett, Pat McDonald, Ben Marshall, W. C. Herndon, Geo. Salender, R. Tobin, James Sower, Wm. Reading, V. Berberich, Mike Meagher, Geo. D. W. Lindsay, Judge Sued, J. A. Scott, J. B. Dryden, McKee Hardie, Guy Briggs, I. Davis, Pat Newman, sr., James Darnell, Geo. Shaw, J. L. Rodman, B. C. Milam, H. Davis Harrod, Attilla Norman.

The Wedding

Of Mr. Thomas Bradley and Miss Emily Hazelrigg, at the home of the bride's parents, Tuesday night, was one of the prettiest home weddings that has ever taken place in this city. The beautiful parlors were handsomely decorated with flowers, the work being done by Mr. E. Power's florist and decorator, Mr. W. H. Gooding, whose work was certainly very artistic.

A large number of guests from surrounding towns were present, and the supper served after the ceremony was elegant.

LOUISVILLE TOBACCO MARKET.

FURNISHED BY GLOVER & DURRETT
LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 1,921 hhds., with receipts for the same period of 766 hhds. Sales on our market since January 1st amount to 96,085 hhds. Sales of the crop of 1896 on our market to this date amount to 76,917 hhds.

We have received 556 hhds. of new burley offered during the week. The grades selling from \$8 down were very strong at prices a few bids higher than were paid last week. The common colory flyings and trashes also met an active demand at prices certainly as high as have ruled at any time since the new tobacco began to come forward. The better leaf that sold from \$9.50 to \$11.75 met only limited competition and was less satisfactory to both warehousemen and sellers than any grade offered. We cannot help thinking these sorts will bring more money in the near future. The advance we predicted some weeks ago in good sweet old burley made its appearance this week. Smooth red leaf in good order that has been selling from \$9.50 to \$12 showed an improvement this week of from 2c. to 3c. We look for a still further improvement in this grade of tobacco, as the stock of such are very small. The common and medium fanned sorts that have been selling between 6c. and 8c. are in strong demand this week at prices several bids higher than they would have brought at any time during the past two weeks. The real common sorts suitable only for smokers, that have been selling below 6c. show a very decided improvement this week. The following quotations fairly represent our market for burley tobacco 1896 crop:

FRANKFORT, DECEMBER 10, 1898.

The President's Message.

The message of the President was sent in to Congress on Monday. It is quite a lengthy document, as was to have been expected, considering the large number of subjects to be treated.

It is an able, conservative and statesmanlike document.

It pays a high and eloquent tribute to the patriotism of the people and to the gallantry and bravery of our soldiers and sailors.

Best, and above all, it lays down the fact, in grateful phrase, that the grand and glorious victories achieved were due to the guiding and protecting hand of Him "who rules in the armies of heaven and among the children of men," and humbly beseeches the divine guidance and assistance for the future of the republic.

With regard to finances it takes the broad ground that Congress should at once take steps to preserve the National credit by enacting such laws as will maintain the present gold standard.

Taken throughout it is a document well worth the time it takes to give it a careful and dispassionate reading.

Reception.

We have received an invitation to be present at the reception to be tendered the First Regiment Kentucky Volunteers (Louisville Legion), to be held in that city on Monday, Tuesday and Wednesday, Dec. 12th, 13th and 14th.

The features of the occasion which will be most directly interesting will be the general welcome to be extended to the troops on the first day and the concert at the court house in the evening of that day; on the second day the grand military parade in the morning, to be followed by a reception and a reception and lunch tendered to visiting municipal officials, the representatives of commercial bodies, and the representatives of the press, at Music Hall at two o'clock p. m., and by appropriate exercises at the Auditorium in the evening; and the informal events of the third day, a possible dress parade and review of the First Regiment, Kentucky Volunteers, concluding with a promenade concert by two splendid military bands at the Auditorium, beginning at eight o'clock p. m.

It is now thought the regiment will reach home to day, and, if such be the case, the jubilee and reception will be held as above indicated.

The invitations are very handsome lithographed cards. We tender our thanks to the Committee on Invitation for the same.

We would like to be present, but fear that business engagements that can not be neglected will prevent our acceptance.

Peace Jubilee at Atlanta.

The city of Atlanta, Ga., has prepared for a grand peace jubilee, to occupy two days (Dec. 15 and 16).

From the subjoined list of speakers it will be seen that all the most prominent actors in the recent war drama will be present and make addresses.

Reduced rates have been secured on all the railroads, and every thing points to a grand success:

Kentucky Board of Pharmacy.

The next quarterly meeting of the Kentucky Board of Pharmacy will be held at the Louisville Hotel, in Louisville, at 9:30, Tuesday morning, January 10. Persons intending to appear for examination should file their applications at least ten days before that time with the Secretary, J. W. Gayle, Frankfort.

Big Failure.

The New Mammoth Clothing and Shoe Co., of Louisville, the biggest establishment this side of Chicago, was forced to make an assignment on Monday last. The assets and liabilities are about equal and are said to be in the region of \$500,000. Pressure from eastern creditors forced the assignment. The concern has not been strong since Mr. Kleinhans withdrew from it.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for several years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes N. C. Hammack & Co., of Shelby, N. C. Trial bottles free at J. W. Gayle's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

Wills Probated.

Monday being county court day there were several wills probated.

Mr. John W. Gault leaves the proceeds of a policy of life insurance in the Connecticut Mutual Co. to his sons, Scott and Walker, equally. To his sisters, Mrs. Hallie Shorshire, Mrs. Julia Fishback, Mrs. Josie Dodd and Mrs. Kate Banta, he gives \$350 each. To his niece, Miss Mary Fishback, he gives \$300. His farm is given to his daughter-in-law, Mrs. Octavia Gault, so long as she is the wife of his son, Walker, or remains his widow. He gives \$250 to place tombstones at the graves of his mother, sister Carrie, and daughters, Hallie and Bonnie. His other real estate is to be kept intact and rented out for three years. His sons, Scott and Walker, are to have \$15 per month each, during the three years. Scott is to have the house he lives in free of rent, also a note of Scott's for \$500, he holds, is to be canceled. The income over taxes and repairs during the three years is to be invested in some safe manner. If his sons die without heirs the property is to go to his sisters. At the end of three years his estate, except as above provided, is to be equally divided between his two sons, Scott and Walker. Lewis Mangan, Kate Banta and Walker Gault are named as executors without bond.

Miss Bettie Macklin leaves \$1,000 each to Mrs. Emma M. Blackburn, Mrs. Anna Stevenson, Mr. John Macklin Stevenson and Miss May Emma Stevenson. The rest of her estate is left to her mother, Mrs. Elizabeth Macklin. Her interest in the dower of her mother is left to Mrs. Stevenson and children. Her interest in the dower portion of her brothers, Charles and Stephens, and sister, Mrs. Stockton, to go to Mrs. Blackburn. Her seal skin cloak is left to Mrs. Stevenson and \$100 to have it repaired. Her catsey jewelry she leaves to Mrs. Blackburn. Her diamond earrings to Miss May Emma Stevenson. To John M. Stevenson she leaves \$50 to purchase a gold watch.

Mr. Will H. Waggener left all his estate to his son, J. Lucien Waggener, Jr. If his son should die without heirs and before his brother, he leaves his estate to his brother, J. Lucien Waggener, sr.

Mrs. Lizzie Ragsdale leaves her interest in the farm upon which she resides to her husband.

County Court Day.

Monday was county court day, and, although the day was bright and clear, there was but a small crowd of country people in town.

The wind was so keen that but few found it profitable to brave it and come in.

Little or no stock was offered, and that offered was inferior and brought low prices.

There were one or two nice bunches of fat hogs which sold well.

Fire Sunday Night.

Just about 8:30 o'clock, on Sunday night, an alarm was sounded from box 35, which called the fire department to a small frame house on Wilkinson street, between Clinton and Mero. It was found that the

Tobacco Men's Convention.

The delegates appointed by the different counties to the Lexington Tobacco Growers' Convention met at Lexington on Monday.

There was quite an imposing assembly of tobacco men, and, we are glad to say, that the incendiary and anarchistic speech of Col. Tobias Gibson, of Woodford county, was received with unqualified disfavor.

We were not much astonished at any thing this disappointed political humbug and blowhard might say, for we have heard him before when he was as equally outrageous in speech.

The following were the resolutions adopted by the Convention.

WHEREAS, The farmers of Kentucky produce one-half of the tobacco of this country, have learned with dismay that a gigantic trust has been formed for the purpose of controlling the price of every pound of tobacco raised in the United States; and,

WHEREAS, Prompt and vigorous action is necessary to prevent or dissolve this unlawful and monstrous organization; therefore, be it

Resolved, By the tobacco growers, in convention assembled, First—That an organization of the tobacco farmers of the State of Kentucky is necessary to protect our interests.

Second—That the organization this day formed be made permanent.

Third—That a committee of three be appointed to wait upon the Attorney General of this State and the United States District Attorney and urge them to bring appropriate action to dissolve or enjoin said trust, and that said committee be empowered to employ associate counsel if necessary.

Fourth—That a committee of five intelligent, conservative and practical tobacco farmers be appointed by the chair as a board of directors, of which the chairman and secretary will be ex-officio members, whose duty it will be to draft rules and regulations for the government of an association, to be known as the Tobacco Growers' League, and said board is hereby empowered to elect a treasurer, to employ a clerk, rent an office and to collect funds, by donation or membership fees, to defray its expenses.

Fifth—That said board be empowered to employ a State Lecturer to visit every county in which tobacco is grown and assist, if necessary, to organize local leagues in every voting precinct or county, whose members shall form the County League, whose members or delegates will compose the State League, which will assemble at Lexington, or other places named by the chairman.

Sixth—That owing to the condition of the tobacco market it is the sense of this committee that it is advisable for tobacco growers to hold their tobacco, if possible, until such time as living prices can be secured.

Seventh—That tobacco growers extend a cordial invitation to tobacco buyers.

Off for Home.

The First Kentucky Volunteer Infantry (Louisville Legion) left Ponce, Porto Rico, on board the transport Berlin for home. They will land at Newport News and come from thence on the C. & O. railroad. Without an outlook for hitch or accident the boys will be at home to-day or to-morrow.

Warrants Canceled.

State Treasurer Long has called in and canceled \$100,000 worth of State warrants issued in June, 1897, and bearing 6 per cent interest.

Warrants issued in July, 1897, to a similar amount, will be paid off on the 19th.

By January 1st there will have been called in and paid off some \$400,000 of the interest bearing warrants.

Reduced the Price.

The State Librarian, upon advice of the Court of Appeals, has reduced the price of the State reports of decisions of the Court of Appeals to \$2 per volume for the first editions of these reports. The former prices were \$3.00 and \$1.50. These reports, of course, only cover the cases officially reported, and in which new points are decided.

Terrible Poisoning.

A terrible poisoning occurred at the Cleveland Orphans Home, in Versailles, on Monday. Every one of the inmates, some fifty-four girls, the matron and teacher were taken violently ill, and the physicians hastily summoned, pronounced it clearly poison. The lives of several are despaired of. This is poisoning by wholesale. A rigid investigation will be instituted.

LATER—All those poisoned recovered.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it? Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best? If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but as certain to turn to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. Kentucky Crop Report.

Replies were received this month from 145 correspondents, representing 104 counties.

WHEAT.

The wheat crop, as a result of the continued rainfall during the month of October, is divided into two distinct parts—the early and the late—with the separating interval of such extent and clear definition as rarely occurs. The early portion of the crop will average a date much in advance of the ordinary, and, as was noted in the November report, was becoming too rank to withstand freezing temperature. The arrival of winter conditions has, however, set at rest any apprehension on that score. This part of the crop suffered somewhat from insects early in the season, but has escaped serious injury and is in excellent condition to withstand the severe winter which appears imminent. The late wheat, which was mainly sown after November 1st, comprises the largest half of the acreage. It has been subjected to some severe weather tests of late, and since much of it is either below ground or is just beginning to make its appearance, that it would escape injury would be assuming too large a measure of good fortune.

The condition of the crop averages 94 for the State, which is two points below the November average. On December 1st, 1897, the condition was 85, and for same date of 1896 it was 101. By sections the following percentages of condition are shown: Western, 82, which is a decline of five points during the month; central, 102, which is an increase of seven points, and southeastern, 100, which is the same as the condition reported November 1st. The falling off in condition in the western section and the increase in the central is due to the fact that in the western section far the largest portion of the acreage is late, while the reverse is true of the central section. The preliminary estimate of

the acreage on November 1st was 107, as compared with acreage of 1897. The acreage has increased until now (December 1st) it is estimated at 111, similarly compared. It should be borne in mind, however, that the increase is only in the southeastern district, where an increased percentage would have but a slight effect on total acres. In Pike county the correspondents estimate the increase at 250 per cent. In Magoffin county the increase is 105 per cent., while a number of counties of this section report acreage increased 50 per cent. The average for the southeastern section places the acreage at 128 as compared with acreage of 1897. This is an increase of 11 per cent. since November 1st. In the central section the acreage, as compared with the acreage of 1897, is 102, which is a decline of one per cent. from the preliminary estimate of November 1st. In the western section the acreage by a similar comparison is 104, also a falling off of one per cent. The estimate of number acres seeded will not be made until the return by the assessors of acres harvested in 1898, which will give the basis.

Many correspondents report, under date as late as November 30th, that farmers are not yet through sowing, but it is safe to assume that little or no wheat will be sown after that date.

CORN.

Corn husking has progressed rather slowly and a considerable portion of the crop yet remains in the field. While the general tenor of reports is to modify first estimates of damaged or rotten corn, still the estimates show the damage is not inconsiderable. The average estimate of loss is 14 per cent. In the western section the loss is estimated at 12 per cent. In the central at 14, and in the southeastern at 17. A few counties report the crop disappointing as to yield, and the general opinion is that the quality is below average.

The average price of corn for the State December 1st is es-

timated at 28 cents. The average for the western section is 24 cents; 24 cents for the central, and 33 cents for the southeastern.

In view of the sappy condition of corn a little precaution in regard to seed corn for next year may prove of benefit. A careful selection should be made at once of a sufficient amount of ears which should be placed where they will become thoroughly dried out. Hard freezing while the sap remains will destroy the germ and render it worthless for seed purposes, but after it has become dried it will withstand any temperature which may occur in this latitude without injury.

LIVE STOCK.

All classes of live stock show an improvement over condition December 1st, 1897. The following comparisons show per cent. of improvement, each being condition compared with average years: Horses, December 1st, 1897, 95; December 1st, 1898, 98. Cattle, December 1st, 1897, 92; December 1st, 1898, 101. Sheep, December 1st, 1897, 94; December 1st, 1898, 98. Hogs, December 1st, 1897, 92; December 1st, 1898, 98.

CONCLUSION.

This issue concludes the monthly crop report until opening of spring. I desire to again thank correspondents for their faithful services during the past year and to express the hope that with the beginning of the work next year I may again have their assistance.

LUCAS MOORE,

Which Half is the Better Half

The housewife's duties are harder than men realize. Cleaning alone is a constant tax on her strength, a never-ended task. More than half the work of cleaning she can have done for her, if she will, and the expense will be next to nothing.

GOLD DUST Washing Powder.

Does the better half of cleaning; does it better than any other way known; does it easily, quickly and cheaply. Largest package—greatest economy.

GRAND REMODELING SALE!

After January 1st the LOUISVILLE STORE will move their large stock of Men's and Boys' Clothing to our MAIN floor. Its change will make it more convenient to both our customers and ourselves. Our second floor will be used for Carpets, Rugs, Matting, Trunks and Millinery Department, and, with several other alterations, will make our large storeroom the most attractive in the city. To make this necessary change, we must reduce our large stock to a size that we can handle it to make the above changes. There is only one course to pursue, and that is to have a GRAND HOLIDAY CHEAP SALE which will create a grand sensation and a boon to holiday shoppers. To reduce our Clothing Stock we slash the prices to an extent that will meet the approval of the most economical buyers.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our drug-gist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to every person suffering from this terrible malady. I am gratefully yours, M. A. Hazerty, Lexington, Ky." Sold by J. W. Gayle, druggist.

Pleasant Valley.

Hog killing and hunting is all the go.

Mr. Isaac Bailey, who was stricken with paralysis, is very low.

Mr. Dudley Baker died at his home near this place of old age.

Mrs. Thomas Wash and son went out through our valley last week to visit relatives near Woodlake.

Mrs. Martha Utley is having a snug dwelling erected. The contractors are Mr. L. Hannen and Mr. Breckinridge Sheets.

The mumps are raging in this section.

Mr. George Bailey is having a new stone wall built around his place, which will be a great improvement.

Johnnie Cloyd, who got his foot shot, is getting along nicely.

NIGHT OWL.

How's This?

TRADE + BOOMING At Ferd Jacobs'. Great rush to our Slaughter - Sale OF

Clothing, Dry Goods, Boots and Shoes, Hats, Caps, Ladies' and Gents' Furnishing Goods, Trunks, Valises Ladies Cloaks and Capes in Good Assortment. Also a Large Assortment of Xmas Novelties and Toys.

As my room must be vacated by JANUARY 1ST, or about that time, and in order to do so I have made up my mind to sell everything in the house if low prices will move them. Never in your life did you buy goods as cheap as you can buy them at the present time. My stock is very large and must positively be sold, and in order to get rid of them I have made the prices to suit the people and the hard times.

I will not quote any prices, but to convince you that I mean just what I say, price goods elsewhere, and then get my prices, and if you do not admit that you are saving money I will make you a present of the items referred to. This is no scheme, but simply a fact that I must give up this store-room about January 1st, and if you don't call to see me before purchasing elsewhere you will regret it as long as you live. So come and be convinced, as the proof of the pudding is in the eating.

We also have a large stock of FLOOR OILCLOTH, TABLE OILCLOTH, COMFORTS and BLANKETS to almost give away.

The farmers are about done gathering corn.

Mr. Eben Rambo has treated himself to a nice new buggy.

Mrs. Alfred Pervis is very low with fever.

Messrs. C. T. Duvall & Bro. have bought a lot of Christmas goods.

Miss Sally Tyler, of Swallowfield, was the guest of Mr. Barnett Harrod and family last week.

Mrs. Sallie Jenkins, of Bagdad, Shelby county, is here visiting her daughter, Mr. Lee Sisco.

Miss Mabel Hancock's school is out, much to the regret of her scholars. They all seem to like her very much.

OLD BATCH.

HEADACHE cured in 20 minutes by Dr. Miller's Pain Expeller. "One cent a dose." At druggists.

LUNG Trouble

Lung troubles, such as pleurisy or acute inflammation of the lungs, should be carefully treated to avoid serious consequences. These ailments are quickly overcome by the prompt use of Dr. Bull's Cough Syrup, a wonderful remedy, which always gives relief at once, eases coughing, allays all inflammation, and by its healing influence soon effects a thorough cure.

Dr. Bull's Cough Syrup

Cures all Lung and Throat Trouble. Doses are small and pleasant to take. Doctors recommend it. Price 25 cents. At all druggists.

An Outrage.

We are surprised and disgusted at the action of Congressman J. W. Bailey, of Texas, the leader on

the Democratic side of the House, in objecting to Gen. Joe Wheeler's occupying his seat in Congress during the short session of Congress now on.

Bailey is the only man, of any party, to show his malignity in this style. Gen. Wheeler has not drawn his salary as Congressman, while in the army, but has turned it back into the Treasury.

This shows how small some men can make themselves in the eyes of the people generally.

Dec. 26th to 28th the Frankfort & Cincinnati Railway will sell tickets to New Orleans and return at half rate, limited to January 9, Account Southern Educational Association.

Soothing, healing, cleansing, Dr. Witt's Witch Hazel Salve is the invaluable enemy of sores, burns and wounds. It never fails to cure Piles. You may rely upon it. Tyler & Hemphill.

Speaking Monday.

There was but a small crowd present on Monday to hear the speeches of Capt. W. E. Thompson and Mr. South Trimble, candidates for the Democratic nomination for the Legislature. The courthouse was not more than half full.

But little interest was manifested and more than half the court day crowd did not go to the courthouse at all but remained on the street.

For Representative.

We are authorized to announce Mr. W. E. THOMPSON as a candidate for Representative of Franklin county, subject to the action of the Democratic primary election to be held on Wednesday, December 25, 1898.
